

Manx National Heritage
Eiraght Ashoonagh Vannin

February 2010

PRESS RELEASE

Discover the House of Manannan with the new discovery trail!

Manx National Heritage has a new addition to its popular discovery trail series. Launching just in time for the February half-term 5-11 year olds will now have a trail to follow at the House of Manannan in Peel. The trails give children the chance to find answers to questions, draw and learn while taking part. Now that every child in full time education on the Island has an ACE card it means all card holders can discover this site for FREE!

Anthea Young, Education Services Officer at Manx National Heritage said

"The discovery trails are a great way for children to explore the Manx National Heritage sites. The trail at the House of Manannan has questions on the Vikings, Celts and involves plenty of maritime encounters. They are a great way for children to engage and learn while having fun"

The next addition to the discovery trail series will feature the Grove in Ramsey. It is due to be release in time for Easter and there are more trails planned for the long summer holidays. All the Manx National Heritage sites open on the 2nd April 2010.

The House of Manannan is open 7 days a week from 10.00am to 5.00pm. For further information on the House of Manannan and other Manx National Heritage events and exhibitions over the Spring and Summer months please visit the Manx National Heritage website www.storyofmann.com or telephone 01624 648000.
